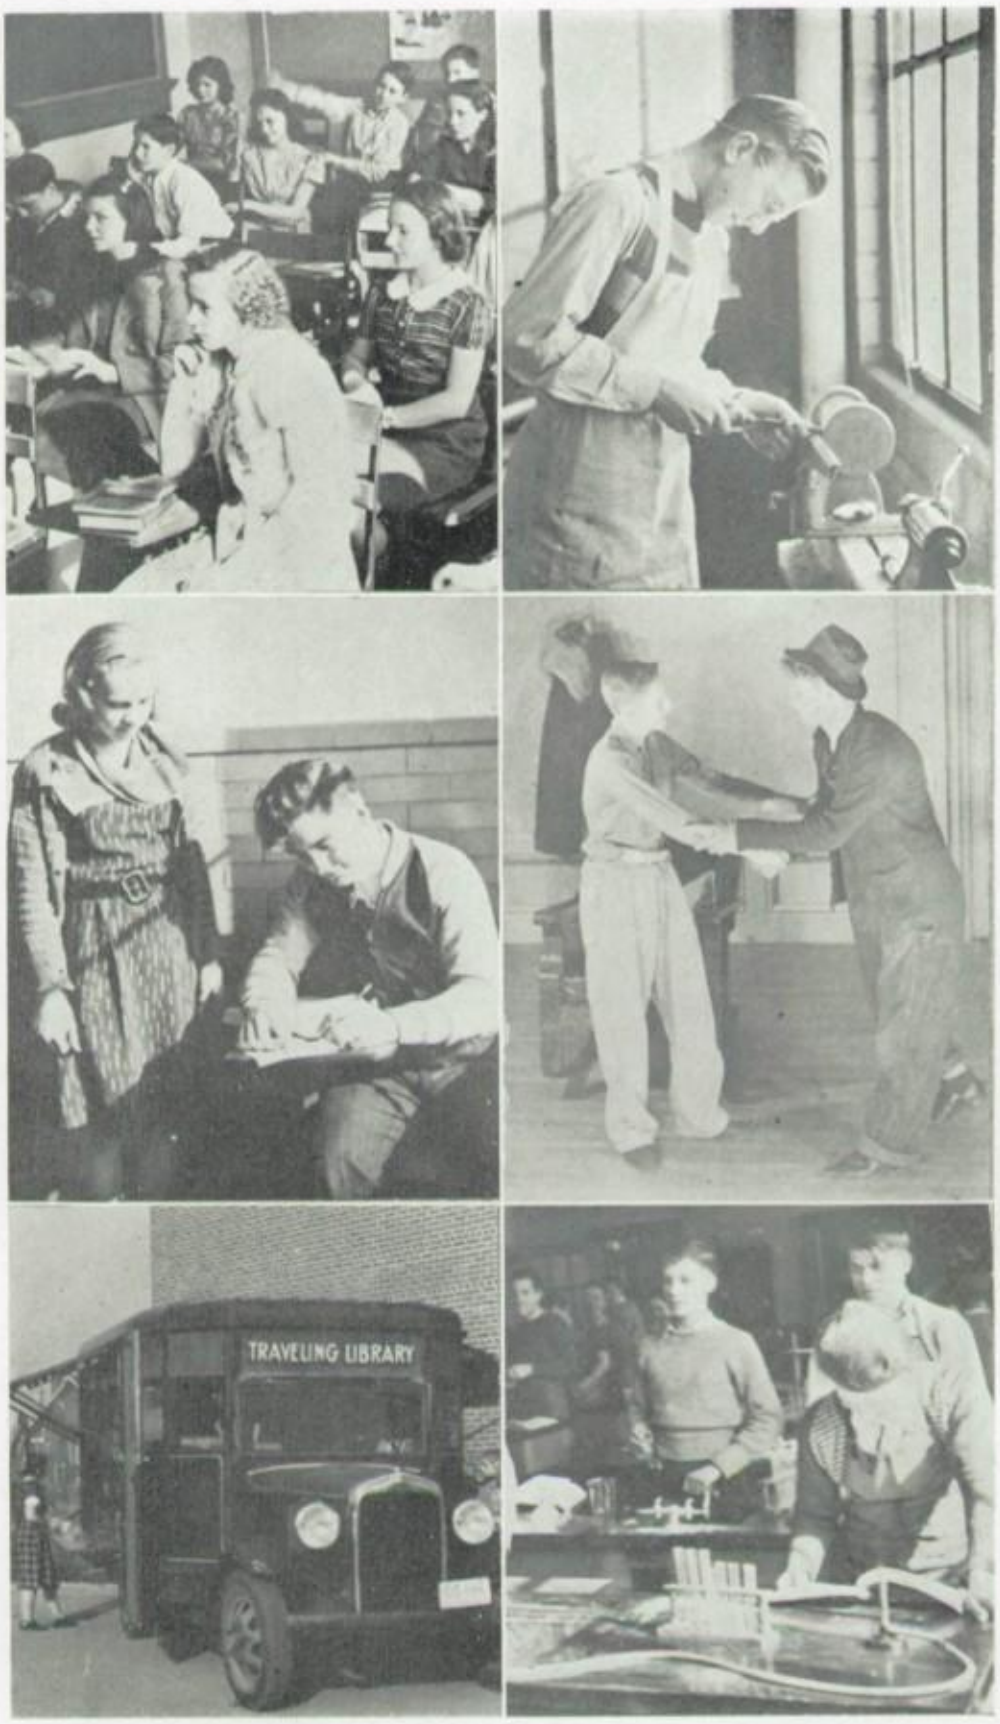
FOREWORD



The characters and events portrayed in this "40" Moderian are not purely fictitious and all similarity between persons living and dead is not entirely co-incidental . . . our apologies to whomever it may concern.

IN MEMORIAM

WILLIAM AUTHUR WIGGINS

Born February 16, 1925. Killed April 6, 1940

"There's something in a noble boy,
A brave, free hearted, careless one,
With his uncheck'd, unbidden joy,
His dread of books and love of fun,
And in his clear and ready smile,
Unshaded by a thought of guile
And unrepress'd by sadness—"

Gone . . . but not forgotten is the presence of Billy Wiggins from our school . . . While riding along the road, his bicycle was accidentally struck by an automobile and he was killed instantly . . . He will be missed by his fellow-freshmen, and many other members of the school will long remember his sunny smile and keen humor.

Originality is a quality of the imagination. It is the ability to take the usual elements of picture and story and present them to your student body in a new, different and interesting fashion. Our School Service organization has long been noted for its true originality in Year Book planning.
